Fabrizio Iacuzio

ESADE Business school | Bocconi University
Spain

Summary

Recent Economics and Finance graduate from Bocconi University with strong skills in financial analysis, data analytics, and business management. Proficient in Microsoft Office, Python, R, and Power Query. Currently pursuing a Master's in Business Analytics at ESADE Business School, where I am deepening my expertise in data science, machine learning, and data-driven decision making to tackle complex business challenges. Passionate about combining financial knowledge with advanced analytics to drive strategic insights and innovation in the financial sector. Open to opportunities to grow professionally and contribute value through data-informed solutions.
