Hiroaki Nakano

JAPAN POST BANK - Director

スペイン カタルニャ バルセロナ

キャリアサマリ

Finance Executive | CFA Charterholder | MBA × Master in Business Analytics (ESADE) My portfolio : <https://github.com/HiroakiNakano1985> 17 years of frontline experience in global financial markets (FX, Derivatives, Fixed Income) at major Japanese banks. Proven track record in Asia: built greenfield operations in India (20+ new clients, +40% transaction volume) and Singapore. Currently overseeing large-scale asset management including corporate bond fund operations, while completing MSc in Business Analytics at ESADE (graduating Aug 2026). Combining traditional finance governance with data engineering (Python/R/ AWS) to drive faster, data-driven decision-making. Open to CFO / Finance Head opportunities at growth-stage companies with Asian operations. Available from August 2026.

職歴

JAPAN POST BANK Co., Ltd.

ディレクター

2021年1月 - Present (5年 4ヶ月)

東京都, 日本

Overseeing investment planning and operational management of a large corporate bond portfolio.

Led finance DX transformation: built Excel Automation and AI-assisted dashboards to replace manual PDF reporting, significantly reducing team overtime.

Partnered with quant team to implement portfolio risk visualization system.

Mizuho

11年 9ヶ月

Manager

2018年10月 - 2020年12月 (2年 3ヶ月)

東京都, 日本

Led a ¥500 billion investment-grade bond fund, restructuring a US-concentrated portfolio to incorporate high-yield, European, and emerging market assets.

Delivered rapid market analysis during COVID-19, enabling bold investments at favorable prices.

Vice President

2016年5月 - 2018年10月 (2年 6ヶ月)

日本 東京都

Covered life insurance companies and regional financial institutions in foreign-currency bond sales.

Executed the first-ever foreign bond transaction between Mizuho Securities and a rival mega-bank group in Japan.

シニアアソシエイト

2012年9月 - 2016年5月 (3年 9ヶ月)

シンガポール

Pioneered the world's first Indian Rupee-denominated offshore fixed-rate loan scheme ahead of all competing mega-banks.

Visited 200+ clients in India, acquired 20+ new relationships, and grew FX volume by 30–40% YoY.

Built automated FX rate distribution system, eliminating manual dealer workload.

アソシエイト

2009年4月 - 2012年9月 (3年 6ヶ月)

東京都, 日本

Built a VBA-based system to eliminate manual back-office errors, standardizing complex operations.

Recognized with two company awards.

Introduced NDS products to address corporate FX hedging needs, increasing departmental revenue by 10%.
