Marc Sardà Masriera

MSc in Business Analytics @ ESADE | BSc in Computer Engineering @ UPC
Barcelona, Catalonia, Spain

Summary

Computer engineer with hands-on experience across backend, cloud, and applied ML. Currently completing an MSc in Business Analytics at ESADE, bridging technical depth with business thinking.

Experience

b2venture

Solutions Engineer, Academic Partnership

January 2026 - Present (4 months)

Sankt Gallen

Designing an ML-powered matching system for a VC-backed founder community, translating business requirements into scalable architecture, NLP embeddings, similarity scoring, and cloud-ready data pipelines (Python, HuggingFace, AWS).

IThinkUPC

1 year 6 months

Backend Software Engineer

February 2025 - June 2025 (5 months)

Barcelona

Led migration from monolith to microservices (Java, Spring Boot, Docker), improving deployment speed and scalability. Built RESTful APIs for enterprise clients and optimized database performance across large record sets.

Fullstack Software Engineer

January 2024 - January 2025 (1 year 1 month)

Barcelona

Built full-stack features (Spring Boot, Angular) and RESTful APIs with JPA, contributing to architectural improvements for scalability.

Giesecke+Devrient

Embedded Software Engineer

July 2023 - November 2023 (5 months)

El Prat de Llobregat

Developed security-critical embedded modules in C/C++ under formal certification constraints. Automated CI/CD monitoring via Groovy scripting, reducing manual QA overhead.

ASES Academia

Private Tutor

September 2021 - June 2022 (10 months)

Barcelona

Tutored Programming (C++, OOP) and Physics for first-year engineering students.

Education

Esade

Master of Science - MS, Business Analytics · (July 2025 - July 2026)

Indian Institute of Management Bangalore

The Science of Data Driven Decision Making, Business Analytics, Machine Learning · (January 2026 - January 2026)

Universitat Politècnica de Catalunya (UPC)

Bachelor of Engineering - BE, Computer Software Engineering · (September 2020 - January 2025)
