Jose A. Rodriguez-Serrano

Head of Department (Data Analytics, Technology and AI) at Esade
Barcelona y alrededores

Extracto

Strong experience in research and industrial applications of AI projects, with career evolution from technical specialist to leadership:

- Strong training and experience in corporate innovation processes, with track record of transferring research / innovation ideas to end-products.
- Deep technical expertise in machine learning, computer vision and pattern recognition.
- Impact in business verticals such as retail banking, transportation or document processing
- +20 patents and applications and top-tier research publications (e.g. IEEE PAMI, IJCV, NeurIPS, CVPR, ICCV).
- Participated in releasing real-world applications of machine learning to millions of customers.
- Since 2022, teaching all this at Esade!

Experiencia

Esade

3 años 8 meses

Head of the Data Analytics, Technology and AI Department
octubre de 2025 - Present (7 meses)

Academic Director, MSc in Business Analytics
septiembre de 2023 - Present (2 años 8 meses)

Senior Lecturer
septiembre de 2022 - Present (3 años 8 meses)

BBVA AI Factory

7 años 4 meses

Data Science Program Manager

enero de 2019 - septiembre de 2022 (3 años 9 meses)

Barcelona Area, Spain

Reporting to BBVA AI Factory CEO, I led a horizontal program aimed at achieving readiness of machine learning components and methodology across AI Factory and BBVA. Major achievements:

- With one of my teams, we conceived, created, executed and scaled Mercury, an inner source Python library for Data Science. (Later, part of it has become Open Source).
- Responsible for conceiving and launching the X-Program, a project aimed at building fast prototypes, which received a Fast Company Award.
- Got promoted to become the 1st "Principal Data Scientist" at BBVA

Data Science Innovation Coordinator, Senior Data Scientist

abril de 2018 - diciembre de 2018 (9 meses)

Barcelona Area, Spain

Reporting to BBVA Data & Analytics CEO, I coordinated the "Edge" portfolio: applied research, external research collaborations, and data science practice at BBVA Data & Analytics.

Lead Data Scientist

junio de 2015 - abril de 2018 (2 años 11 meses)

Madrid y alrededores, España

Reporting to BBVA Data & Analytics CEO, I coordinated a team of data scientists who developed the first machine learning models for the BBVA app (categorizer, forecasting, customer comparison) consumed by >5 million clients.

KSchool

Data Science Instructor

enero de 2018 - enero de 2020 (2 años 1 mes)

Barcelona Area, Spain

Ocasionalmente, I give statistics and machine learning lectures on demand.

Xerox

4 años 7 meses

Area Manager, Machine Learning for Services area

mayo de 2014 - mayo de 2015 (1 año 1 mes)

Manager of a group of 11 researchers in the field of machine learning and big data analytics.

Our role is to develop innovative algorithms that automatically learn to produce improved decisions from data.

Our research has impact in the international research community and contributes to the improvement of Xerox' services, in areas such as transportation, customer care and print services.

Research Scientist, Computer Vision

noviembre de 2010 - abril de 2014 (3 años 6 meses)

Grenoble y alrededores, Francia

Computer vision researcher at the Xerox Research Centre Europe, with interests including the application of machine learning techniques to computer vision, especially image search and matching.

Project lead in innovation projects aimed at transferring research outcomes to business groups, with high exposure to the transportation industry.

University of Leeds

Research Fellow

septiembre de 2009 - noviembre de 2010 (1 año 3 meses)

Research on video event analysis for visual surveillance at the Computer Vision Group, project management aspects.

Loughborough University

Research Associate

septiembre de 2008 - septiembre de 2009 (1 año 1 mes)

Computer vision for transportation analytics, transport data fusion, project management aspects.

Xerox Research Centre Europe

Visiting Researcher

agosto de 2006 - agosto de 2008 (2 años 1 mes)

Universitat Autònoma

PhD Candidate in Computer Vision

junio de 2005 - agosto de 2008 (3 años 3 meses)

Barcelona and Grenoble

Research on algorithms to perform search queries in document images and automatic gesture recognition in pen-based interfaces.

Hewlett-Packard

Visiting Researcher

junio de 2005 - diciembre de 2005 (7 meses)

Performed research in automatic handwriting recognition to improve the Digital Pen and Paper product.

Grifols

Research and Development technician

junio de 2004 - junio de 2005 (1 año 1 mes)

Software and product specification and verification, documentation workflow management and quality compliance in the context of medical device manufacturing.

Electronics Department, University of Barcelona

Technology transfer programmer

septiembre de 2003 - enero de 2004 (5 meses)

Implemented software to analyze thermal responses of electronic circuits, based on previous research findings by the team. Delivered to an external customer.

Medical Image Computing group, ESAT, KU Leuven

Final-year research internship

julio de 2002 - septiembre de 2002 (3 meses)

Leuven

Studied algorithms for soft tissue segmentation in computational tomography images.

Educación

Universitat Autònoma de Barcelona

Doctor of Philosophy (PhD), Computer Science · (2005 - 2009)

Universitat de Barcelona

4-year degree, Physics · (1998 - 2003)

Deutsche Schule Barcelona
